# **Akitio MyCloud Manager for iOS**

This application helps you to view the status of your device and configure some of the settings of your network drive.

To download the app, go to the Apple App Store at <a href="https://itunes.apple.com/app/id525954173?mt=8">https://itunes.apple.com/app/id525954173?mt=8</a> or search for mycloud manager.

## Login

Field	Description
Server Name	Enter the IP address, the MAC address or the device name that you have registered for your network drive.
<b>User Name</b>	Enter the username of your account on the network drive (e.g. admin).
Password	Enter the password of your account on the network drive (e.g. admin).
Login	Login to your network drive.
IP Finder	Locate any network drives that are connected to the same local network. Your mobile device has to be connected through WiFi in order for this function to work.

### Login

- 1. Enter the **server name** of your network drive, the MAC address or the IP address.
- 2. Enter the **username** and **password** of your account on the network drive (e.g. admin/admin).
- 3. Click **Login** to login.
