2025/10/16 23:05 1/8 Taskbar

Taskbar

The taskbar on top of the screen is a permanent menu that contains the system menu and some other important information as well as a couple of shortcuts that are often needed.

The taskbar cannot be customized or moved to another location. The information seen in the taskbar changes depending on the user who is logged in and the window that is currently open.

System Menu

Click on the AKiTiO logo in the top left corner of the screen to open the system menu.

About

Legal information about this software.
